Unrivaled lifestyle awaits...

as Majestic Homes present this Bluewater masterpiece. This unique home was crafted with the polished design of sophistication and true beachfront living, incorporating exquisite architecture with functionality. Incredible soaring ceilings, a towering stone fireplace and extensive windows offer views of the lake to create a warm elegance in the great room. Sleek thermofoil-finished Eurowood cabinetry nestled into the gourmet kitchen provides a den to cook feasts.

Team up with Sherlock Holmes to find the secret passageway leading to the captivating master

suite highlighted by a distinctive wood wall. The enormous floor-to-ceiling master closet brightened by a brilliant chandelier is the perfect spot to hide your treasures. Travel up the winding staircase to the second floor loft area with full bar to get a birds-eye view of the main floor living area. The additional bedrooms, bathrooms, exercise room and lake bath are all beautifully appointed.

Walk out back and enter a beach lover's haven - complete with patio, outside bar and full kitchen just steps away from the blue water of the lake and your piece of paradise.
